

The Reality-Way Lecture and Video Series:

Spiritual Life and Practice In a Time of Global Crisis

Adi Da Samraj (1939 – 2008) is a Spiritually Realized Master, whose insights and spiritual revelations are widely regarded as the most forceful, persuasive, and authoritative in the world today. His philosophical writings over the past thirty-five years stand out as masterfully original critiques of conventional, myth-based religion, and a brilliantly articulated discussion of the ultimate nature of reality and truth. In his writings and discourses Adi Da Samraj presents a wholly accessible and compelling argument for authentic spiritual realization in the face of the bewildering

doctrines, beliefs, and myths (sacred and secular) of our time.

The lecture will be given by **Anthony Costabile**, Director of the Adidam Chicago Center. A formal devotee of Adi Da Samraj for over thirty years, Anthony lectures to audiences around the world on the life and teachings of this extraordinary Spiritual Master.
