

**SPECIAL PRESENTATION AND DISCUSSION:**

# ***THE HEART HAS A QUESTION . . .***

*“The heart must be satisfied. Without that Satisfaction, which is necessarily Transcendental and Spiritual in nature, there is no True Happiness.”*

**-AVATAR ADI DA SAMRAJ**

The insights and spiritual revelations of **Adi Da Samraj (1939 – 2008)** are widely regarded as the most forceful, persuasive, and authoritative in the world today. His esoteric writings over the past thirty-five years stand out as masterfully original critiques of conventional, myth-based religion and a brilliantly articulated revelation of the ultimate nature of reality and truth. Throughout his writings, this supremely enlightened master presents a wholly accessible and compelling argument for authentic spiritual realization in the face of the bewildering doctrines, beliefs, and religions of our time. This event will introduce Adi Da Samraj, his extraordinary Life and Spiritual Teachings, followed by open discussion.

**With Anthony Costabile**, Director of The Adidam Midwest Center in Chicago and international speaker on the teachings of Adi Da Samraj (and the world's religious and spiritual traditions). Mr. Costabile has been a formal devotee of Adi Da Samraj since 1975, introducing Avatar Adi Da's Wisdom-Teaching to audiences around the world.
